

# 500 PERISH IN TEXAS FLOOD

## PAIR LURED TO DEATH IN CHICAGO PIT

CHICAGO — (By Associated Press.) — Dynamiting on the Des plaines river at Maywood, a Chicago suburb, was in progress today in an effort to recover the body of Carl Ausmus, companion of Bernard J. Daugherty, automobile salesman whose handcuffed and mangled body was found in the river yesterday. Ausmus has disappeared and is be- lieved to have suffered a fate simi- lar to that of Daugherty.

Detectives expressed the belief to- day that Daugherty and Ausmus had been lured to the basement of a house in Maywood where they had been killed, the bodies manacled to- gether with handcuffs, weighted with stones and tossed into the river. Detectives believe that the handcuffs broke, allowing Daugh- erty's body to be carried to shallow water.

## EQUAL VOTE DEFEATED CIRCLEVILLE, O.

CIRCLEVILLE, O. — Propo- als that laymen be given equal vote with ministers in the general conference and that a reduction be made in the number of dele- gates to the general conference, have been voted down by the Ohio conference of the Methodist Episcopal church here. Designa- tion of quarterly conference was changed to local conference. As- signment of pastors for the com- ing year will be made Monday.

## POLISH CABINET RESIGNS

WARSAW — The Polish cabi- net headed by Vincent Witos, re- signed today. M. Witos assumed the premiership on July 24, 1920. In May last, M. Witos tendered his resignation to President Pil- sudski as a result of the inability of the government to solve the upper Silesian problem. The re- signation was not accepted, how- ever, the president managing to induce M. Witos to withdraw his resignation and renew his efforts to reconstruct the cabinet.

## SHOT IN HOLDUP

COLUMBUS. — Following op- erations early this morning, sur- geons expressed doubt as to the recovery of Motorman Elmer My- ers and Conductor Russell Crute of the Columbus, Urbana and Western Traction line who were shot in a holdup late last night just outside the city limits. At first it was believed they were not seriously injured.

## SWEPT OVER FALLS

CLEVELAND. — A young wo- man believed by police to be Beatrice Orr, of Cleveland, was swept over the cataract at Niagara Falls late Friday afternoon, ac- cording to despatches from Buf- falo. Authorities believe that the woman committed suicide. The body was suddenly sucked beneath the surface and when last seen was in the whirlpool a mile below the gorge.

## GEORGE CARREL CHOSEN FOR MAYORALTY RACE

CINCINNATI. — George P. Carrel, city auditor, was today chosen by the Republican city central committee and the executive and advisory bodies to be the Republican mayoralty can- didate to take the place of Mayor John Galvin who retired from the office because of ill health. The sub- committee appointed to make a rec- ommendation to fill the vacancy on the ticket, suggested Mr. Carrel af- ter it had discussed the capabilities of a score of potential candidates. Carrel has been city auditor for our years. Before his election to that office he was for years chief clerk in the probate court. He is one of the leaders of the Republican organization.

## ENALTY FOR LIQUOR SELLING MADE HEAVIER

CINCINNATI. — Illegal sellers of liquor are confronted with an unex- pected penalty to follow conviction or illegal sales, under an order re- vived today by County Auditor Truman from State Auditor Joseph Tracy. It will cost those convicted 1,200 additional to any fine or other penalty imposed by the court carrying the case. Tracy bases his order on one of the new "dry" laws issued by the state legislature. The state auditor went with the police the records in three Cincin- nati cases in which the 1,000 oDw- icken tax, with 20 per cent penalty, ordered assessed.

## OLD FASHIONED FALL WEATHER DUE TOMORROW

COLUMBUS. — (By Associated Press.) — Good old-fashioned fall weather—the snappy kind that makes father think about the coal pile and mother about the children's heavy clothes—is due to strike Ohio Sunday night or Monday, according to the United States weather bureau. Thunderstorms and cooler weath- er are promised for Ohio tonight and Sunday. These storms will be fol- lowed by "real fall weather."

## MANY DIE IN SUBMARINE EXPLOSION

LIVERPOOL. — (By Associated Press.) — A tremendous explosion on the former German submarine Deutschland at Birkenhead, across the Mersey from Liverpool, killed three men and injured three others today. It is possible that many others perished. The submarine was being dis- mantled at the time of the explosion which occurred in the engine room from an unknown cause. The Deutschland was one of the subma- rines surrendered by the Germans under the terms of the peace treaty.

## SECESSION SCHOOL VOTE IS ENJOINED

COLUMBUS. — (By Associated Press.) — Judges Hough, Matthias and Wanamaker of the Ohio su- preme court have issued a restraining order enjoining the board of elections of Muskingum-co from entering into contracts for the print- ing of ballots for an election at which it was proposed to submit a proposal calling for the "secession" of a section of the school district of that county and formation of a sepa- rate rural school district. The order follows the filing of a petition in quo warranto a few days ago by the state of Ohio on the re- lation of Prosecuting Attorney C. A. Maxwell of Muskingum-co. Mem- bers of the board of education of the school district were enjoined also from exercising their official functions until the dispute over the proposed secession is decided.

## 200,000 IDLE IN SEVEN LARGEST OHIO CITIES

COLUMBUS. — Two hundred thousand men in the seven largest cities of Ohio are idle, according to data compiled and made public to- day by George F. Miles, chief of the state free labor employment agen- cies. The data was gathered at the request of Secretary Hoover of the department of commerce and is to be presented at the conference called by President Harding to discuss the un- employment situation throughout the country. Cleveland reported approximately 90,000 men out of work, while Akron estimated the number in that city at 14,500. Youngstown reported 20,000 unemployed and Dayton 18,000. Columbus reported 14,155 un- employed; Cincinnati 50,000 and To- ledo 25,000. dth@afe.50

## COMMITTEE HITS SNAGS IN REVISION OF TAX MEASURE

WASHINGTON. — (By Associated Press.) — Revision of the house tax bill on a basis of government needs of \$3,200,000,000 from internal revenue this fiscal year was begun today by the senate finance com- mittee. The measure was taken up section by section, the committee hav- ing failed yesterday to reach any agreement on the high points. Developments yesterday led to a general belief at the capitol that the committee would not have entirely smooth sailing, but Chairman Pen- rose still was hopeful that the measure could be completed by the time congress reconvenes one week from next Wednesday. As was the case in the house, the principal points of disagreement are retroactive repeal of the excess profits tax and a reduction of the income surtaxes.

## WATER 15 FEET DEEP IN CITY OF SAN ANTONIO

SAN ANTONIO, Texas. — (By Associated Press.) — Twenty- two bodies of persons drowned in the flood which swept down on San Antonio last night following yesterday's heavy rain, were in the morgue at noon today. Most of them were women and chil- dren. Estimates of the probable loss of life continue large, the police still placing the loss at 500. The property loss is certain to be many millions.

(BULLETIN) SAN ANTONIO, Texas. — (By Associated Press.) — Six are known to be dead and property in the central portion of the city has been damaged to the extent of several million dollars by a flood which swept thru San Antonio last night. Estimates of the loss of life and property damage is difficult early this morning.

Troops from Fort San Houston are patrolling the city and aiding in rescue work.

The water supply is cut off as is the electric light and tele- phone power.

Estimates of the loss of life reaches as high as 500 by police and fire officials.

Water from the San Antonio river which winds thru the city and from its tributary, the Olmes creek, flooded the business sec-

tion of the city for many blocks to a depth of from ten to fifteen feet. The San Pedro creek, on the west side of the city, which runs thru the Mexican district, overflowed and joined the waters from the river and swept thru the southern part of the city.

Water stood fifteen feet deep in the lobby of the Gunter hotel which is a block from the river. The flood reached to the Alamo Plaza on the east, which is five blocks from the river.

WATER SERVICE STOPPED The power house will be out of commission for at least two or three days. There is a partial telephone service. Water service will be cut off for at least 24 hours. Street car service is cut off indefinitely.

Both banks of the San Antonio river are strewn with the wreckage of houses. A number of automo- biles were swept away. Throughout the night the east and west sides of the city were cut off from each other and it was only at daylight that the waters had receded sufficiently to permit crossing by one bridge in the northern part.

It is believed that the greatest loss of life occurred in the Mexican district. Residents in that sector were unable to get out the aided thruout the night by firemen and police and troops from Fort San Houston.

## UNPRECEDENTED RAIN

An unprecedented rainfall which began at midnight Wednesday and continued thruout Friday and Friday night caused the flood. At least eight inches of rain fell during this period. Early last night there was a heavy rainfall in the valley of the Olmes creek north of the city. Water from the creek rushed into the San Antonio river and joined the surface water which was pouring into the river from the heavy rain thruout the day in the city proper. The river went out of its banks within a few hours. The water and electric light plants are located along the banks of the river, and they were put out of business quickly.

Street car traffic was stopped and hundreds of people were unable to reach their homes. Many of them spent the night wandering about the business district.

Police and firemen attempted to warn residents in the Mexican section of the city and succeeded in getting hundreds of them to safety before the San Pedro creek over- flowed. Many others were cut off before they could get out and the police estimated the loss of life in this district would be large.

At 8 a. m., the waters were re- ceding but were not yet within their banks. Soldiers were bringing out people who have been marooned thruout the night. The weather is still cloudy and further rain is in prospect. Unless there should be unusual precipitation in the Olmes valley, it is not believed there is further danger.

## BOY UNSCATHED AFTER PLUNGE FROM 6th FLOOR

NEW YORK. — (By Associated Press.) — Martin Pearman, aged 6, of the Bronx, altogether has fallen ten stories and still is unscathed. Martin fell six stories yesterday from the top of an apartment house where he was flying a kite. He land- ed, only slightly bruised, in a baby carriage. A few months ago, Martin fell out of a fourth story window and escap- ed serious harm by landing on a clothes line.

## CASH GOES TO SEA BOTTOM IN RUM FIGHT

NEW YORK. — (By Associated Press.) — Investigation of the suicide of Frank J. Fitzpatrick, chief nar- cotic agent of the internal revenue department for New York, following a spectacular drug and whiskey raid yesterday on the Greek steamship King Alexander, was begun today by Colonel G. G. Forrer, executive as- sistant to the chief of the narcotic division. Fitzpatrick, one of the leaders of the raid, shot himself twice thru the heart shortly after the raiders had fought a battle in which five men were wounded, and had seized drugs and whiskey valued variously at from \$200,000 to \$1,000,000.

## SUICIDE THEORY

His associates could explain the suicide only by saying that Fitzpat- rick had been in ill health for some time and that he might have become temporarily deranged by excitement induced by the thrilling encounter with members of the King Alexan- der's crew. Harbor police were grappling near the King Alexander today for the body of Sabas Mentintha, fourth officer of the ship, who was reported to have fallen overboard after he had been struck with a blaying pin. Mentintha, said to be the treasurer of the drug smugglers, was declared to have had \$24,000 in his pockets when he disappeared.

## 26 HELD BY POLICE

Twenty-six members of the King Alexander's crew were being held by federal authorities today in connec- tion with the smuggling plot. The entire crew of more than 300 was ar- rested, but all save the 26 were re- leased after examination.

Wallace E. J. Collins, United States attorney for Brooklyn, prom- ised additional arrests today, indi- cating that some members of the United States customs service might be held. Information that some customs employees were allied with the smug- glers had reached the revenue men, he said, and caused them to stage the raid secretly for fear the smug- glers would be "tipped off." The secret was kept so well that a police launch which observed the raiders took them to be smugglers them- selves and—according to the re- venue men—opened fire on them be- fore they could establish their iden- tity.

## OHIOAN ELECTED

MILWAUKEE, Wis. — Major Ellsworth Jeffrey, Cleveland, was elected national commander of the Army and Navy Union of the United States at the close of the annual meeting yesterday. Other officers elected include: Adjutant, Harold McGeorge, Ohio.

## FOUR BURNED WHEN BOAT IS BLOWN UP

LAKESIDE. — (By Associated Press.) — The power boat Alton blew up in Lake Erie, one and one quarter miles north of Lakeside, with 20 men on board at 8:25 this morning. Four of the men were severely burned, but all were rescued after being thrown into the lake.

The launch which is used to carry pleasure seekers from Lakeside to Sandy Beach during the season at Lakeside, was taking a party of fish- ermen to Gull Island reef, north of Kelly's Island. Nine rowboats were being towed. The explosion resulted when one of the party lighted a match, igniting naphtha which was escaping from one of the tanks.

The injured are: Captain Clifford Pettibone, Lake- side, in charge of the boat; Carlton Knight, Lakeside; Perry Geiz, Cleveland and Charles Jacks, Lake- side.

Geiz, the pilot, was blown thru the cabin into the lake and others jumped overboard to escape the flames. Coast guards from Marblehead rescued some of the party, while others made their way to the row boats which were being towed by the Alton to the fishing grounds.

## EACH NATION TO HAVE 4 AT ARMS MEET

WASHINGTON. — (By Associated Press.) — The American dele- gation to the conference on limitations of armament as announced by Pres- ident Harding will be Secretary of State Hughes, Elihu Root of New York, Senator Lodge of Massachu- setts and Senator Underwood of Ala- bama.

Announcement of the complete delegation was made yesterday and at the same time it was said the other powers had agreed likewise to restrict their delegates to four in number. This will not affect the advisory bodies. It was explained, the American government planning to utilize the services of 12 or 15 as specialists in naval, army, economic and other subjects and to include in this body representatives of the wo- men of America, of labor and of other American interests.

The general conference will be attended by the four delegates from each of the five allied and associat- ed powers, the advisory bodies not sitting with them.

## IRISH WILL DRAFT REPLY WEDNESDAY

LONDON. — (By Associated Press) Prime Minister Lloyd George's in- vitation to Eamon De Valera and his colleagues to confer as to a basis for a settlement of the Irish contro- versy must await action by the Irish Republican parliament.

That body will meet in secret ses- sion next Wednesday, at which time it is assumed, the prime minister's latest note to Dublin will be submit- ted, and a decision will be reached as to acceptance or rejection of the invitation.

It was understood when the Re- publican parliament adjourned at Dublin recently that it had confer- red plenary powers on Mr. De Valera and his colleagues. The note from Mr. Lloyd George, however, is asserted to have brought a factor into the situation which made it necessary for the parlia- ment to meet and widen the scope of the mandate it gave its leaders.

CAMDEN, N. J. — Mrs. Isabelle Dobson, 33, a bride of two months, was found beaten to death in her home at Runnemede Highlands, a suburb of this city.

## WORK OF 50,000 IS HALTED BY THREATENED WALKOUT

CHICAGO. — (By Associated Press.) — Two constructions today were being placed on the unanimous vote of the Chicago Building Trades Council declaring the Landis wage award "unjustifiable" and ex- pressing the "universal dissatisfac- tion" of the workers over the deci- sion of Judge K. M. Landis as arbiter in the building trades controversy. Wage cuts of 10 to 33 per cent were made in the Landis decision. Builders and contractors held labor's verdict and demand for a rehearing was tantamount to rejection of the award. Others asserted labor had not broken its pledge to abide by the decision and termed the action "an acceptance under protest." The declaration of the union bodies and the request for a rehear- ing today was considered a serious setback to the prospective peace in the Chicago building world and the proposed immediate starting of \$100,000,000 worth of building and the employment of nearly fifty thousand men. Members of building trade unions on a number of jobs yesterday threw down their tools.

## SUIT AGAINST DUNN COMPANY IS SETTLED

The suit of Antonio Kiera Sara- kallits against the A. J. Dunn com- pany, Lima, engaged in the real out of court and dismissed. Mrs. Sarakallits charged that false representations were made to her, a Russian, in the exchange of her property at 125 W. Fourth-st, for 61 acres of land in Perry-tp. She asked \$8,000 damages.

## UNTANGLE MEXICO IS U. S. AIM

American Representative Confers With Obregon

### NEW HOPE FOR SETTLEMENT

Yankees Eager For Recognition—Order Restored

(By LOUIS P. KIRBY.)

MEXICO CITY.—Outside of President Harding and Secretary of State Hughes, the American most talked about in Mexico today is Elmer Dover, of Tacoma, Washington. Mr. Dover, who came to Mexico City with a group of Pacific Coast bankers and, while here, held numerous conferences with President Obregon, is now in Washington, where he is working to bring about an agreement between the United States and Mexico. If he is successful and the United States Government recognizes the Obregon Government it is likely that Mr. Dover will be the next American Minister to Mexico.

There have been no outward indications that Mr. Dover is making progress, but Mexican officials and American business men in Mexico have not given up hope.

Mr. Dover was in President Harding's campaign. Formerly he lived in Ohio and at one time was secretary of the Republican National Committee. When he departed for Washington he left behind hope that, owing to his close relationship with Republican officials, he might be able to induce Secretary Hughes to change his severe attitude toward Mexico.

### EAGER FOR RECOGNITION.

There is little doubt that most of the Americans here are eager for American recognition. Some, having businesses which would improve with recognition or concessions from the Mexican Government, favor immediate, unconditional recognition. Others would be satisfied if the United States modified its attitude toward Mexico. They talked with Mr. Dover while he was here and impressed their views upon him.

Whether Mr. Dover carried any proposals to Washington with him is not known, but Mexican officials emphasized to him their desire for recognition before any treaty negotiations were undertaken.

### HOPE TERMS ACCEPTED.

It must be admitted that there are numerous Mexicans who wish to see the State Department's terms accepted by the Obregon Government. These Mexicans are property owners who look forward to the day when radicalism will be eradicated from the Mexican Constitution and statute books. Curiously enough the ranks of substantial property owners are being recruited from the new element thrown into high places by the revolution. Many of these "new men" are rapidly growing rich.

Some have become large property owners, but have confined their purchases to city real estate. Only a few have ventured to become owners of large landed estates, because for ten years the big land owners in Mexico have been the chief target of attack.

What the newly rich dread most is collection by State governments in the form of borrowing and accommodation or advance payments of taxes. Men who have sold mines or other valuable property have shrunk from publicity, fearing a quiet but firm request from the State Governor for "accommodation."

### SOME PROVINCES UPSET.

Much has been done in the past year to restore order and public confidence, but Yucatan and some of the other States are still upset, and there are occasional outbreaks in some of the northern States—the most orderly in the Republic.

In Yucatan it is reported that thousands are facing starvation because of depression caused by the intense activity of Communists and Socialists. Jose Poch, of the Labor Department, reported to President Obregon that 20,000 Indians and 20,000 families are starving in Yucatan because work cannot be found. Campeche, the neighboring State, shares in this depression, caused by militant agitators.

## DRY LAW FAILS TO CURB DIVORCE

Domestic Relations Not Improved, Says Jurist

CHICAGO.—(By International News Service.)—Prohibition may have kept father away from the mahogany bar, the brass rail and the dimly lit floor, but it has not resulted in any appreciable improvement in his domestic relations.

Mr. Volstead, with his pet legislation, has not had the effect of decreasing the number of divorce cases in Chicago, according to Judge Joseph Sabath, of the Cook-co Superior Court.

Judge Sabath reported disposing of 2,000 cases in the last ten months. He then laid down a series of admonitions to wives, husbands and sweethearts.

His "way-to-a-happy-marriage" suggestions follow:

"Every man should see that his wife has plenty of entertainment. Take her to the movies, on auto rides and to the theaters as often as you can afford. Go swimming with her if she likes it."

A husband should confide his business affairs to his wife and she should take an interest in them. Have children.

Know each other well before marriage.

Realizing the responsibility of marriage relation; bear and forbear. Move away from each other's families, don't live with them.

Judge Sabath advocates the publishing, thirty days before a license is issued, the names of those desiring to marry.

In the cases disposed of before Judge Sabath 1,456 were filed by women and 544 by men.

The Lima News and Times-Democrat is published each day of the week by The Lima News Publishing Co., Lima, Ohio. Entered at Postoffice as second class matter under the Act of 1911.

## HARDING APPEALS FOR BETTER JOB FOR THE FATHER OF RECORD FAMILY

Mr. and Mrs. Zaccaria and their family of sixteen.

### MEN AND BUSINESS

By Richard Spillane

ON THE ROAD.—Chinese restaurants dot the principal streets of Middle West cities, and chop suey and chow mein are no longer strangers to the American stomach. One of the largest restaurants of St. Paul is the Ambassador, just across the street from the great St. Paul Hotel. The Ambassador is Chinese. It is strictly up to date, even to its jazz band and its dancing between courses.

Minneapolis has lot of Chinese restaurants, the most prominent of which are the Canton Grill Cafeteria, the Mandarin, the Nankin, the New Peking and the Tien Tsin.

One thing can be said of the Chinese restaurant man is that he is a good cook and generous in his portions.

Not a few persons do not look with favor on this development. Still, the restaurant seem to have a good patronage.

Minneapolis is courteous and kindly to the visiting automobilist. The stranger in a car is not scolded for violation of the traffic regulations. Instead a policeman or a citizen will give him a card reading:

"The Mayor cordially invites you to the Town House of the Automobile Club of Minneapolis, La Salle at Thirteenth-st, where you will be presented with a Visitor's Souvenir Emblem for your car, conveying the official hospitality of the city, together with information and maps that will be valuable to you during your stay in Minnesota."

"GEO. E. LEACH, Mayor. More than her gates, Minneapolis opens her heart to you."

The Souvenir Emblem is a yellow disc on which:

"Minneapolis Visitor" is blazoned in big letters and which is easy to attach to the radiator head of the automobile.

The literature the visitor receives at the club includes a guide to Minneapolis, an auto-trail map, a list of the respectable hotels and restaurants and their rates, a copy of the Motor Vehicle Law, a catalogue of automobile service stations, etc.

For the policemen most helpful to visitors three cash prizes and fifteen prizes in merchandise are given each year.

One of the most prominent bankers of the Middle West told the writer of an automobile manufacturer who has gone thru the period of liquidation without difficulty. According to the banker, this automobile man foresaw the slump, got his house in order, and never in the last two years has had less than \$10,000.00 to his credit in the bank.

This automobile man is by no means old. Twenty-five years or so ago he worked for \$2 a day. He rose to the general management of that establishment in which he started and also, served for five years as president. Within the last year he was offered the headship of one of the greatest automobile organizations of the world, with a salary of \$1,000,000 a year, and perquisites that would make his total remuneration \$1,500,000 annually. He refused the offer.

The banker says the man was wise in declining. Also he says this man is the ablest person in the automobile industry, altho today he is not so recognized.

While this banker did not say so directly, he gave the impression to the visitor that he thought some of the leaders in the automobile industry could ascribe their troubles in part to the fact that in the days of their success they had drifted away from their real business and had given most of their thought to matters of finance and expansion. In so doing they had lost that fine sense of proportion or direction essential to the best of success. They were production men primarily and not financiers. If they had given their whole thought to the business of production and selling they would have known or felt the change in the industry earlier. As it was they were out of touch with their real business until the sudden change in the situation forced the facts upon them. Then it was too late, and what they did to trench or curtail was at heavy cost. In some instances the men did not accept conditions, but fought against them, much to their sorrow and loss.

### TWO LIMA CONCERNS VOLUNTARY BANKRUPTS

Two business concerns in Lima sought refuge in federal bankruptcy court in Toledo, Friday.

Petitions were filed there by Miss Marie Gasin, milliner, 818 N. Main-st, and by the Household Electric company, 112 S. Elizabeth-st.

Miss Gasin listed her assets at \$3,392.65 and debts at \$2,177.32. The Electric company placed its assets at \$2,529.78 and liabilities at \$6,172.50. Owners are Frank Holmes and John Murphy, Columbus.

### WORLD NEWS

WASHINGTON.—Senator Oscar Underwood, Elbira Root, Senator Lodge and Secretary of State Hughes will be the four representatives of the United States at the Washington conference on limitation of armaments.

WASHINGTON.—J. C. McNicholl, Washington, a civilian employee of the naval aeronautical testing laboratory was drowned when a navy seaplane fell into the Potomac river. The accident resulted from the plane running into the air pocket.

CHICAGO.—The body of Bernard J. Dougherty, automobile salesman, was found mangled and mangled in the Desplaines river near Chicago soon after he had gone to deliver an expensive automobile to H. V. Church, 20. Church is being held.

### LIQUOR CARAVANS ARE BANNED

Prohibit Shipping Booze by Trucks To Buyers

WASHINGTON.—(By International News Service.)—"Bootleggers have been hit squarely between the eyes."

This was the gleeful view held by Roy A. Haynes, chief of the Prohibition Bureau.

He feels sure that one of the worst of bootlegging evils has been successfully met by the prohibiting of shipments of liquor by truck.

Commissioner Haynes said bootleggers have been getting a large part of their illicit supplies over the truck route.

The methods have varied, he said. One of the favorite means of getting fresh liquor stocks is for bootleggers to conspire to hold up shipments enroute from distilleries or bonded warehouse to the person who bought the liquor.

The fact that shipments of liquor by truck have been permitted, he said, is exceedingly difficult, he said, to detect other movements of illicit liquor from other sources than those of distilleries.

Under orders now being enforced by Commissioner Haynes, dry law agents will keep a stricter watch out on all highways, and, under new methods employed, expect to be able to detect liquor caravans with less difficulty.

### COUNCIL TO DISCUSS MARKET-ST LIGHTING AT MONDAY MEETING

Indications are that the Market-st lighting controversy, which has been waging between city council and merchants on that thoroughfare will be settled satisfactorily and that Lima parks will benefit by the new plan. This information was given out by Councilman John Reed Saturday. Reed has asked that a special meeting of city council be held Monday night, at which time the matter will be discussed.

According to Reed, practically all the merchants benefitting by the present Market-st lighting plan have agreed to allow the city to replace the cluster lights with single lights. The cluster lights are to be used to light local parks. Reed says the merchants are being paid about 50 cents on the dollar for the five-foot posts, installed by business men on that street.

Council will hold a special session Monday night, Clerk James I. Heffner announced. The meeting will be called at 7:30 o'clock and will be devoted entirely to the discussion of Market-st lights.

## DIXIE ROAD MEN HOLD PARADE

CINCINNATI.—(By Associated Press.)—Delegates to the Dixie Highway Association dedication convention brought their celebration to a close here today with a parade to Hamilton, Ohio.

Judge M. M. Allison of Chattanooga, Tenn., president of the association, together with the directors from all states thru which the great road passes, participated in the parade.

The visitors will return from their Hamilton trip this afternoon and be entertained at the Cincinnati National League ball park and zoo.

Grant-co, Kentucky, was awarded a silver loving cup for having the largest delegation with 100 miles from Cincinnati present at the convention.

### TWO DIE IN STORM

PORT OF SPAIN, Trinidad.—A tropical storm of great violence which struck Trinidad Thursday caused two deaths and did damage to shipping estimated at \$150,000. The damage from the storm, which was traveling west-northwest, was principally confined to the harbor. It was the worst weather storm within the memory of the oldest inhabitants.

### STOCK MARKET IS FULL OF PEP

Lots of Enthusiasm as All Issues Soar During Day

BUSINESS IS PICKING UP

Brokers See New Era—Grain Prices Are Keeping Pace

General business revival which started seven weeks ago, according to the credit guide, is believed to have taken on additional vigor Saturday, which was strongly emphasized on the stock markets.

Heavy buying featured Saturday's market, with practically all stocks boosted from one to three points. All issues opened strong, and shortly afterward the bulls began to act and it did not take long for most of the stocks to make a rapid stride forward.

PEP IS DISPLAYED

Additional pep displayed probably means that the market is near some big bear stop orders, according to the opinions of the leading traders.

Baldwin Locomotive closed Friday at \$6 1-2. Saturday morning it opened at \$6 7-8, soon slipping up to \$9 1-2, and closed at \$8 5-8—two points higher than its closing quotation the day previous.

Mexican Petroleum opened at 116 and reached its high at 119 3-5, after closing Friday at 114 1-2.

Marshall Field & Co., Chicago, largest dry goods concern in the country reported that merchants are now placing orders for spring delivery and that there are more customers in the market this week than last and during the same week a year ago.

The credit guide reports that orders and collections are distinctly better this week and predict that the turning point in the present depression period has been reached.

The unfilled tonnage of marine vessels decreased 299,398 tons, which shows that America's export trade is rapidly picking up.

Business thruout the south has been stimulated by the 7-cent advance in cotton, which is also reported as helping the current speculative excitability.

One of the biggest openings in the history of stock markets is expected Monday. Brokers Saturday were optimistic on the showing and are confident that stocks are on the up-hill climb, with encouraging reports from the leading industrial concerns in all parts of the country.

### ORDERS PLENTIFUL

Orders are more plentiful, and there seems to be more money to carry on transactions.

Reports from Argentina that it is in the midst of a wheat crop scare has been accepted in the country as a boom to the wheat markets. It has been dry there for many weeks, and the new wheat is seeded and has a poor start.

A liberal selling of wheat by longs appeared Saturday in the early bulges. Export wheat sales was 3,000,000 bushels in two days, probably 75 per cent Canadian.

Reports from all sections of the corn belt are encouraging, inasmuch as plenty of rain is reported everywhere. There have been heavy offerings on corn, and the farmers are more optimistic as the prices appear to be on the verge of showing much additional strength.

The opinions of the largest wheat brokers are as follows:

Harris, Winthrop—"We anticipate much higher prices for all grains."

Logan & Bryan—"We consider the situation strong."

Lawson Bros.—"Indications point to a higher range of grain values."

Clement Curtis—"Look for a strong advancing market for some time."

Lovitt & Co.—"The short interest has been materially reduced, and the market is in a better technical position to respond to increased offerings."

### NEW TRIAL OF LANDFAR DAMAGE SUIT ORDERED BY COURT OF APPEALS

Reversal of judgment in the case of Mrs. Augusta Landfar, Auglaize-st, against Ralph Wagner and others, was made in court of appeals, in a finding handed down late Friday.

A jury in common pleas court had awarded Mrs. Landfar a judgment for \$1,500, for alleged injuries claimed to have been incurred when an automobile in which she was riding collided with a car driven by Ralph Wagner. New trial of the case will be had in common pleas court.

The court held only Wagner can be made a party in the case, altho the automobile belonged to his mother. She had permitted her son to drive the car on a trip when the accident happened.

### ST. MARYS PRIEST NEAR DEATH AT HOSPITAL HERE

The Rev. Father Clement Beckmeyer, pastor of Holy Rosary church St. Marys, is reported near death at St. Rita's hospital. Announcement from the hospital Saturday at noon was to the effect his condition was critical.

The Rev. Father Beckmeyer was subjected to an operation for a ruptured appendix at the hospital, Friday. Chances of recovery are said to be slight.

### METCALF-ST BRIDGE OPENED TO TRAFFIC

Hark, ye motorists who have long been evading S. Metcalf-st because the bridge over Hog Creek was out! The new bridge is completed and the first traffic moved across the span Friday afternoon.

### PRODUCE PRICES AT A STEADY LEVEL; NO CHANGES ARE NOTED

Lima housewives paid the same prices Saturday for retail produce as on the day previous.

No price changes were noted for the day's menus; with little or no prospect of any material change for the coming week, according to information available from reliable sources.

Spring chickens are being bought at wholesale markets for 18 cents per pound. On the retail market they are selling at around 25 cents, while dressed birds are quoted at from 5 to 10 cents higher.

The season for cantaloupes is in full swing. Housewives are demanding them and there are plenty on Lima markets. They are being sold from 5 to 10 cents per pound, according to the grade and size. Honey Dew melons are selling at 5 cents each, and are in demand.

Prices of potatoes varies, according to the grade, selling from 40 to 75 cents per peck. A medium sized head of cabbage can be bought for a dime. Sweet potatoes are being retailed at three pounds for a quarter.

### CHILDREN CRY FOR FLETCHER'S CASTORIA

Y YEARS ago Castor Oil, Paregoric, Drops and Soothing Syrup were the remedies in common use for infants and children. Castor Oil so nauseating as to be almost impossible and the others all containing Opium in one form or another, but so disguised as to make them pleasant to the taste, yet really to stupify the child and give the appearance of relief from pain.

It required years of research to find a purely vegetable combination that would take the place of these disagreeable, unpleasant and vicious remedies that from habit had become almost universal. This was the inception of, and the reason for, the introduction of Fletcher's Castoria, and for over 30 years it has proven its worth, receiving the praise of physicians everywhere and becoming a household word among mothers.

A remedy ESPECIALLY prepared for Infants and Children and no mother would think of giving to her baby a remedy that she could use for herself, without consulting a physician.

Fletcher's Castoria always bears the signature of *Dr. J. C. Fletcher*

MEN AND BUSINESS  
(By Richard Spillane)

STATE fairs in the Middle West are not what they used to be. Formerly they gave to the agriculturist his great autumn blowout with a train journey, if he lived a considerable distance from the city near which the fair was held, and a visit to the city itself with its sights. Now it is changed. The farmer journeys to the fair in his tin Lizzie and he and the family camp near the fair grounds. If they want to go to town they step on the gas and go there. Bright lights, movie shows and such are no treat to the farmer today. Every rural town of any size has a movie and the people on the farm know Doug Fairbanks, W. S. Hart, Mary Pickford, et al as well as the city folk. The farmer used to be insular. Not now. He travels. He used to be tied down to the farm, but since he came to know Lizzie the world has widened for him. Merchants of state fair cities say they do not get one-half the patronage out of the gatherings now they did in the old days.

A ST. PAUL banker was talking about the calling of loans. "I got the shock of my life some time ago," said he. "I had borrowed some money from the Continental and Commercial of Chicago and along came a notice that it had to be paid. I got aboard a train and went to Chicago. I had to go on some other business anyway."

"This is pretty rough," I said. "I'm sending out notices like this to the people who owe my bank, but I didn't know how it hurt until I got one myself from you. Now, I've been doing business with you since 1881 and I think you ought to make an exception in my case, even if the Federal Reserve objects to renewals."

"The departmental head thought I was serious and started to apologize, and say the notice had gone to me inadvertently."

"I reduced the obligation 25 per cent, not that it was necessary, but because I wished to do so, but just the same the receipt of that peremptory call to pay that note made me appreciate how the scores of persons to whom I had lent like demands must have felt when they got like demands from my bank. It made me appreciate the other man's situation."

EASTERN railroads might learn something from Western lines. Probably the finest stretch of roadbed in America is that of the Chicago and Northwestern between Chicago and Milwaukee. The chair cars of the Northwestern are as superior to those on Eastern railroads as those on Eastern roads are superior to the day coach.

MIDDLE-WESTERN cities are much cleaner than those of the Eastern seaboard and traffic is better regulated. Even at that the Easterner has to watch his step.

The ideal stretch of roadway for the speed maniac is the Michigan Boulevard in Chicago at night. Traffic cops apparently never object, however fast you go. But woe to you if you proceed at leisurely or what you consider a reasonable speed. Then you may be called to account for blocking traffic.

THE Venetian Gardens by the river side is quite an attractive restaurant in Milwaukee. Into it the other night, while the place was pretty well filled, entered six young men

buzzed and sturdy looking. Two tables were put together and they sat down to dinner. But before they seated themselves they removed their coats and vests.

They were farm boys from up in Wisconsin who were attending the State Fair at the grounds about ten miles out from the city.

They didn't mind the people in evening dress, and the people in evening dress didn't mind them particularly.

Possibly those who were garbed according to the code of fashion felt envious, for it was a frightfully hot night.

THE impress of the French argonauts is stamped on Minnesota. The names of La Salle, Hennepin, Marquette, Radisson, Nicolet and such are prominent in most of the cities.

As for lakes, there perhaps is not another section of America with so many. There are thousands of them and some of them are gems. It is from these lakes that the Mississippi draws by underground streams much of the volume that makes that mighty river deserving of the name "The Father of Waters."

CENSORSHIP ABOLISHED

POSTMASTER General Will Hays has decided that it is not within his province to be a censor of the press. In other words, the bars have been thrown down in an order from the head of the postoffice department that any newspaper or other publication fit to pass thru the mails at all is entitled to the benefit of the usual newspaper rate of postage.

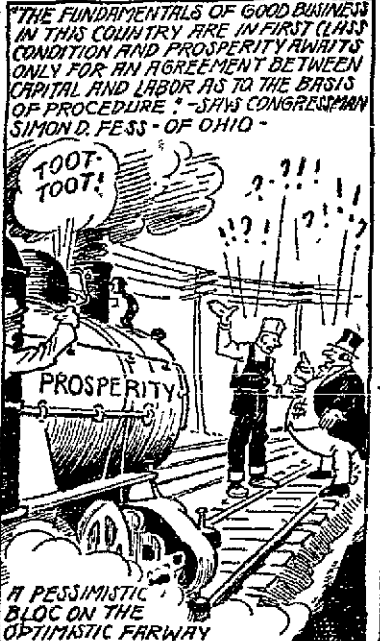

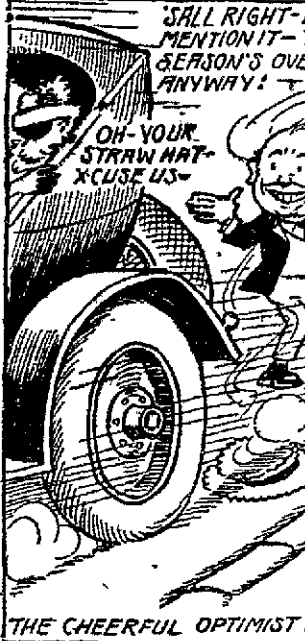

His predecessor had adopted the policy of excluding a good many papers from the lower rate for reasons that, if true, should have prevented them from going thru the mails at all. In cases where utterances of papers were questionable, but not positively seditious, the postage rate was made practically prohibitive. In effect, the Hays order provides that a publication must be admitted at the regular rates, or not at all. He will not, he says, be a censor of the press.

Hays is right on one proposition, but wrong on the other. If the postoffice department is not supposed to be in the position of censor to a certain extent, then a multitude of laws bearing on this subject are null, void and worthless. It is the business of the postoffice department to see to it that publications containing utterances disloyal to the government are not permitted to pass thru the mails, just the same as it is for that department to prevent, under the law, the transportation of lottery tickets and other objectionable matter.

It is quite easy to understand that Hays wishes to be fair, but when he makes the sweeping declaration that "I am not and will not allow myself to be made a censor of the press," he is warming the cockles of the heart of the hair-brained visionist and theorist who conveys his propaganda by insidious means.

Administration papers, failing to analyze the Hays pronouncement and discover in it the danger that lurks, have commended it. A little later, these same publications will likely be damning this same Will Hays, when disloyalists, quick to sense that the bars are down, flood the mails with propaganda that tears at the very vitals of the American government, because, playing to the galleries, Hays refuses to pass on proper and improper matter. When the postal department of the government spreads vicious propaganda against itself, without restraint, the outlook is, indeed, dark.

MISS LIMA: "In these days there is more rejoicing over the announcement of the reopening of a factory than there is in the coming of a circus."

IN LIMA CHURCHES SUNDAY

WOMAN SICK FOUR YEARS  
Was Finally Made Well by Lydia E. Pinkham's Vegetable Compound

Steen, Miss. "I was all run down and nervous with female trouble and my sides pained me so at times that I could hardly walk. I suffered for four years with it. Then I saw your advertisement in the papers and began taking Lydia E. Pinkham's Vegetable Compound. I feel stronger and am able to do most of my housework now. I recommend it to my friends and you may use this letter if you care to do so." Mrs. W. H. Blake, Route 1, Steen, Miss.

How many women, overworked, tired and ailing, keep up the ceaseless treadmill of their daily duties until they are afflicted with female troubles as Mrs. Blake was, and are run down, weak and nervous. But every such woman should be convinced by the many letters like hers which we are constantly publishing, proving beyond question that Lydia E. Pinkham's Vegetable Compound will overcome such troubles and restore women to normal health and strength. Letters about your health will be given careful attention and held in strict confidence if you write to Lydia E. Pinkham Medicine Co., Lynn, Mass.

ORDINANCE NO. 1123  
Determining to proceed with the purchase and installation of switch boards, regulators, lightning arresters, feeders, to change present switch board and erect additional pole line for the purpose of connecting the Boulevard Street Lighting Systems with the North Street Main Pumping Station and Power Plant and to furnish current from said station for maintaining the lighting of said boulevard street lighting system and the doing of all things necessary and incidental in accomplishing said purpose.

Be it ordained by the Council of the City of Lima, State of Ohio, three-fourths (3/4) of the whole number elected thereto concurring:  
Section 1. That it is the intention of Council and it hereby determines to proceed with the purchase and installation of switch boards, regulators, lightning arresters, feeders, to change present switch board and erect additional pole line for the purpose of connecting the boulevard street lighting system with the North Street Main Pumping Station and Power Plant and to furnish current from said station for maintaining the lighting of said boulevard street lighting system and the doing of all things necessary and incidental in accomplishing said purpose, all in accordance with a resolution adopted by this Council on the first day of August, 1921, and in accordance with the plans, specifications and estimates prepared by Consulting Engineer, Gamper, hereinafter approved and now on file in the office of the Director of Public Service.

Section 2. That all claims for damages resulting therefrom filed with the Clerk of Council under said resolution shall be adjudicated by the City Solicitor hereafter to be designated by Council after the completion of the improvement proposed herein and the City Solicitor hereafter to be designated by Council shall be authorized and directed to institute proceedings in Court of competent jurisdiction to liquidate such claims for damages.

Section 3. That the Director of Public Service be and he hereby is authorized, empowered and directed to advertise for bids for the improvements above specified and set forth, or in part thereof, in the form, form, and manner to be provided by and in accordance with said improvements, and to make and execute contracts with the lowest and best bidders after advertisements according to law.

Section 4. That the contractor or contractors who shall do the work herein provided for, and in accordance with said improvements, and to make and execute contracts with the lowest and best bidders after advertisements according to law.

Section 5. That the whole cost and expenses of said improvements together with the cost of any real estate or interest therein purchased or appropriated, and the cost and expenses of any additional and necessary work, shall be paid out of a fund to be raised by the issuance of bonds or notes in the manner provided by law; and that the fund derived from the sale of bonds as aforesaid, for the entire cost of said improvement, be and they are hereby set aside and reserved for the purpose of the cost of said improvement and the Director of Public Service or said City of Lima, Ohio, is hereby authorized, empowered and directed to apply the fund so set aside for the payment of the cost of said improvement, and to remain in full force and effect from and after the earliest period allowed by law.

Passed August 30th, 1921. W. J. Dempster, President. Attest: James I. Hoffman, Clerk. Approved August 31, 1921. A. C. Burkhart, Mayor.

AS YOU LIKE IT

A LETTER TO THE WIFE

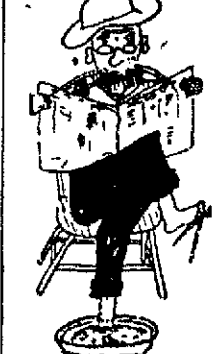

Dear Wife: I know you are having a perfectly lovely time out there in Michigan and so I do not want to urge you to return to New York until you get ready, but, whatever you do, don't haul off and return home without letting me know a couple of days in advance. You know. I have been sleeping in all the beds during the three months you and the kids have been away, but I found the kids' beds a bit short and had to put a chair at the foot of them and push my feet thru the foot of the bed and rest them on the chair. I believe I put it in the paper that Annette Kellerman, your goldfish, is dead, which is the only tragedy we have had. I have not been feeling so good, myself, but there is nothing serious and you needn't hurry home on that account. I hope you received that ten bucks I sent you in July and if you should need more I hope you will let me know. It has been very lonesome, but don't hurry home for that reason. I have swept the apartment out once since you went away in June and it looks pretty clean. I will have somebody come in and wash up the dishes before you get back. They all have eggs in 'em and eggs are hard to get off. I have eaten so many eggs I haven't the heart to look a chicken in the face. You know I never looked at 'em much, anyhow, especially when you was along. Well, have a good time. If you need any more than that ten bucks I sent you in July, be sure and mention it. Write, don't wire.

THE SIMPLE LIFE

King George is leading The simple life, according To the news that comes By cable daily from London He has cut down the grocery bills By curtailing the royal menu. No more corned beef and cabbage. He says he can't afford to live On the salary that he gets. How like the rest of us! He has gone to the country To visit the Duke of Devonshire, And is living in a shooting box, Whatever that may be, And goes to bed at 9 o'clock By candle light because there Is no electricity or gas. It seems very tough, indeed, But, before we start a Subscription for George, We are going to try and pay Our own rent and electric bill So that we won't have to depend Upon candle light another month. We sympathize with the old top; But charity begins at home.

OLD SCISSORS SAYS:

In the list of martyrs to the vagaries of weather conditions, why not pick out a niche for the hay fever victim? FROM THE HEADLINES. The world is settling down at last, Lloyd George says it is so. But, will it ever settle up? That's what we want to know. The cost of clothes is coming down As sure as you're alive; A thirty-dollar suit can now Be had for fifty-five. New York is now a naval base— A hangout for the fleet; And seven thousand naval caps Are seen upon the street. A panic is predicted To put us all on the bum; But who should worry about that? It isn't going to come. A man possessed of seven wives To the house-gow has been sent. With seven wives, this party is A field for punishment. Somebody has been stealing alcohol out of compasses on shipping board boats. Anybody who drinks alcohol out of a compass should be able to find his way home all right.

# Cox Stable Grabs Off Main Event

HARTFORD, Conn. — (Special) The 2:07 trot was the feature of the day's racing at the closing of the Grand Circuit meeting at Charter Oak Park Friday and the good fortune of Cox Stable continued, the Indianapolis driver piloting the four-year-old filly, Natalie, the Great, to victory, but only after a stormy passage in which the filly drew a \$50 fine. "Pop" Geers had his first luck of the week, winning heats and second money in both the 2:07 and 2:11 trots.

Natalie the Great broke at the head of the home stretch in the first heat of the 2:07 trot and collided with Walnut Frisco. Wink Wink went on and won the heat from Little Peter. Flemming, driver of Walnut Frisco, complained to the judges, and they assessed Cox \$50 for the interference. Then he got Natalie the Great well in next two rounds and won in driving finishes, breaks by Walnut Frisco and Wink Wink spoiling their chances. Natalie the Great reduced her record to 2:05 1-4 in the second heat.

MARY O'CONNOR WINS

Mary O'Connor won her eighth race of the season and her third on the Grand Circuit when she defeated the 2:07 pacers, J. W. S. having her to a hard drive in the final heat. After Duetto had sprinted and won the first heat of the 2:11 trot, the half-mile, Marion Toddington, got to the front and won the next two.

W. R. Flemming, driver of Walnut Frisco, has protested the payment of first money to Natalie the Great, in the 2:07 trot, claiming that she should have been distanced in the first heat, and the case will be taken to the Board of Review. The management of the fair has held up payment of the second money, won by Single G, in the match race with Peter Manning on Tuesday and it is possible that this may get into the courts.

Fifteen express car loads of horses will be shipped from here today to Syracuse, where the Grand Circuit meeting in connection with the New York State Fair opens on Monday.

**THEATRES**

**"Robinhood" Opens Faurot**

The Faurot Opera House opens its doors this afternoon for the opening of the theatrical season. The attraction is one of unusual distinction, Ralph Dunbar's musical comedy, "Robin Hood." Mr. Dunbar, whose pretentious productions of opera have become a feature of the Faurot's seasons, has selected a distinguished cast for this beautiful and tuneful opera, mounted and costumed it with artistic lavishment, assembled a chorus whose vocal ability is far above any heard in the town and provided a special orchestra.

The matinee commences promptly at 2:30; the night performance at 8:15.

The matinee commences promptly at 2:30; the night performance at 8:15.

**THEATRE DIRECTORY**

**THE REGENT:** Constance Talmadge is starred in "Wedding Bells" appearing for the first time today at the Regent theatre.

**THE SIGMA:** David W. Griffith's "Dream Street" with Carol Dempster and Ralph Graves" terminates its engagement today at the Sigma theatre. Also special selections by the team Street Quartette.

**THE LYRIC:** Owen Moore and Kathryn Perry are the leading roles in "The Ticket In The Case" at the Lyric theatre today. Also a comedy and va.

**THE MAJESTIC:** "The Testing Block" with William S. Hart in the star role, terminates its engagement today at the Majestic theatre.

# PIRATES LEAD GIANTS BY A SMALL MARGIN

For all practical purposes the New York Giants and the Pittsburgh Pirates were tied today for first place in the National League, but to the expert baseball mathematician the Pittsburghers were leading by the margin of .0002.

It was the victory of the Giants over their Brooklyn rivals yesterday and the lowering of Pittsburgh's colors by the Chicago Cubs that brought out the closeness of the struggle.

Pittsburgh's percentage was .5050 by virtue of eight games won and 52 lost while New York's standing was .5058 on the basis of 83 victories and 54 defeats.

In the American League the Yankees took advantage of their opportunity to better their first place standing by winning from Philadelphia, while the Cleveland Indians were forced to be idle in St. Louis, due to rain. Twelve points separated the pacemakers from the runners up.

## REDS BEAT CARDS

CINCINNATI — (Special) — Going out on one of their well known rumpuses, the noble sixth-placers did some brutal offensive work in their home coming here Friday afternoon, pounding Pfeffer and North for ten earned runs, while Adolfo Luque held the Cards to three lonesome runs. The Reds bunched all but two of their hits in two fat scoring sessions, and made the best possible use of their hitting power. The Cardinals who are fighting desperately to hold third place struggled bitterly but the pride of Havana held them back firmly and without mercy.

The score:

St. Louis 600, 020, 100—3, 8, 3 Cincinnati 030, 016, 000—10, 13, 0

Batteries: Pfeffer, North and Dillhoefer; Ainsmith; Luque and Hargrave.

## POLO MEET IS ON

PHILADELPHIA.—The Meadowbrook Fox Hunters and the army first team were to meet at the Philadelphia Country Club today in the opening match for the junior polo championship of the United States. Four other teams, the Meadowbrook Wanderers, Philadelphia Country Club, army second team and Bryn Mawr, are entered in the junior event, the final match of which will be played next Friday.

## Futurity Features

NEW YORK.—The Futurity, at six furlongs, a classic for two year olds of the American turf, featured the race program at Belmont Park today. Twenty-four juveniles were entered, the largest field in recent years.

The purse was approximately \$50,000, as compared with \$35,000, a year ago when Step Lightly won the event. Morvich, Miss Joy and Kaisang, rated as leading juveniles of the year were not entered.

PHILADELPHIA.—Babe Ruth equalled his world's record of 54 home runs Friday, and helped New York to administer a 14 to 5 defeat to Philadelphia. There were three other home runs made in the game. Tilla Walker had two and Pipp the other.

Ruth has 21 more games this season in which to try to beat his record. Judging by the pace the Home Run King has been setting in recent games he easily will surpass the old mark, and may satisfy his ambition to knock out 60 homers.

His driving this year has been steady. In April he made five; in May, 10; in June, 13; in July, 10; in August, 10, and in September, so far, six. His best month last year was July in which he connected for 13.

On six occasions during this season he has collected two in one day. Last year he made two in a day nine times and once batted out three in a games he easily will surpass the old mark, and may satisfy his ambition to knock out 60 homers.

## THE EASIEST DISEASES IN THE WORLD TO PREVENT

The Greatest Medical Authorities Now Insist That No Man Need Ever Contract Venereal Diseases.

There are many diseases that no amount of skill and science are able to keep at bay. It would almost seem as though their victim were doomed to contract them, or perish from them.

There are no other diseases more terrible in their effects than these grave disorders, to prevent which is as simple as turning your hand over. Every venereal disease, no matter what character, is of this latter type. For, by the use of PROCLINE—the ideal prophylactic—every germ can be killed, and every symptom of disease prevented. There is absolutely no excuse for any man to ever contract venereal disease if only he will take the simple precaution of using PROCLINE after exposure.

PROCLINE was used by the Canadian Army in the late war. The Pennsylvania State Board of Health has tested PROCLINE and has given it their endorsement. The State of New Jersey, Medical Societies, and informed people generally, are making a determined stand against the spread of these diseases. PROCLINE when used early enough after exposure to infection, is the greatest weapon for prevention known.

Your doctor will tell you about the success of this scientific preparation. The formula is not a secret; he knows all about it.

Safe, non-irritating and harmless—with not the slightest after effect. And above all, it prevents these diseases.

Go to your druggist today and ask for a tube of PROCLINE—price 30c for the two-application tube and 20c for the one-application tube. Prove it for yourself. Hawthorne Drug Specialty Co., Inc., 88-90 Reade Street, New York City.—Adv.

# Yank Net Star Meets Wily Jap In Tennis Play

PHILADELPHIA.—Feature matches today, the second of the fourth annual lawn tennis singles tournament for the U. S. championship brought together Watson M. Washburn of New York, a Davis cup member and Wallace F. Johnson, of Philadelphia, the chop stroke wizard; Zenzo Shimidzu of Japan and Marshall Allen of Seattle; A. W. Jones, Providence, R. I. and Frank T. Anderson, New York; Vincent Richards, the 18 year old expert from Yonkers, N. Y., and Walter T. Hayes, Chicago and Clarence V. Todd, Australia and Willis E. Davis, San Francisco.

When play began the New York district led with 15 men still in the tournament. Philadelphia came next with eleven, while San Francisco had four, Baltimore 3 and Chicago, Seattle, Boston and Providence each two. Australia had 3 entrants, England two and Japan one. All other foreign players were eliminated yesterday.

# Leonard To Box Welter King Soon

NEW YORK — (Special) — Benny Leonard, lightweight champion, and Jack Britton, welterweight boss, will have it out in a twelve round tussle in Jersey City, on October 11. The site of the battle will probably be the Jersey City baseball park.

Should Benjamin annex the welterweight crown by stopping the current Britton he would probably step out of the lightweight class for all time. Making weight for that division has been a tough spot in Leonard's life.

**KISER MAY BOX SLADE**

Pay Kiser, the soldier fighter who recently beat Bob Martin, will most likely be selected as the first opponent for Bill Slade, the Pacific coast light heavyweight who came here the other day to test the skill of the eastern boys.

Slade has been in Australia for more than a year, during which time he tore thru the kangaroo scrappers like greased lightning.

**FREEDMAN-TENDLER MILL**

Low Tandler, the Quaker southpaw fighter, and Sallor Freedman are all set for their eighth round bout which is scheduled to take place at the Phillies' ball park in Philadelphia next Monday night.

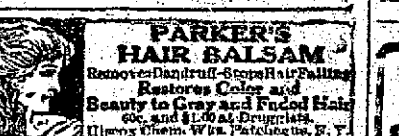

This will be the second meeting between the two boys. On their last try Freedman gave the talent a genuine surprise by stepping along in a fast draw with Tandler.

## Leatherneck Shoot

CAMP PERRY, O.—The Marine Corps match which opened yesterday on the 500 yard range was continued today on the 1,000 yard range. There are 754 entries. The scores thus far in this match are very high.

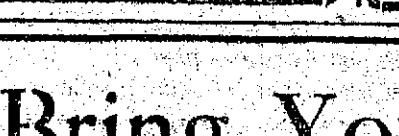

The National Rifle Association off-hand match will be shot today on the 300 yard range with 20 shots for the record. Six hundred and forty-five competitors are entered.

Small bore, shotgun and pistol ranges will have the largest number of events today.

MUTT AND JEFF—SPEAKING OF HOSTS, YOU GOTTA SLIP THE BROWN DERBY TO JEFF

By BUD FISHER

BRINGING UP REAR—

By McMAHON

## SHORT SHAVINGS

The two miners had never seen golf played before. They stood watching a fat, unskilful player at work in a bunker. The sand flew up, but the ball remained. Seven

agonizing shots had been played. The player stopped for breath, and then made his eighth attempt. The ball was topped up, dropped on the green, and rolling gently to the pin, settled in the hole.

"Bagum, Bill," said one miner to the other, "he's got a devil of a job on now."

Willie Hopkins is only ten years old, but strange to tell he brushes his own hair and washes his ears without parental coercion. It must be admitted that Willie just started this most uncommon practice within the last few days. The young man's mother was dumfounded when she walked into his room and found him plastering down his hair with a brush. "You are a very good boy," she said. "How did you come to think of brushing your hair and washing your face?"

Will looked sheepish and then replied: "Mary Brown told me I wuz good lookin'."

If a fellow tries to kiss a girl and gets away with it, he is a man. If he tries and doesn't get away with it, he is a brute. If he doesn't try but would get away with it if he did try, he is a coward. If he doesn't try and wouldn't get away with it if he did try, he is a wise man.

"You fellows keep up the same rough swaggar and wear the same rudo attire that were necessary in the old days before Cymson Gulch became a thriving community."

"Yes," replied Cactus Joe. "We keep up the artistic atmosphere. Everyone of the boys is hoping he'll land a job as a desperado star in the motion pictures."

Mr. Josiah Kirby will speak at Ottawa, O., Tuesday evening, Sept. 13th, at Opera House, 7:30. Subject: "Sign of the Times." Every one welcome; no charges for admission.

## LIVED ALONE. MARY LONES FOUND DEAD IN HER HOME

Miss Mary Jane Lones, 52, residing

three miles southeast of Lafayette, was found dead by a small neighbor boy in her home, Friday. Death was due to apoplexy. Miss Lones resided alone. The

child went to her home to invite her to spend the day with his mother. Examination developed she had been dead some hours.

Funeral services will be held Sunday at 1:30 p. m. at the Fisher church. Interment will be in the Fisher cemetery.

**COULD HARDLY STRAIGHTEN UP**  
When the kidneys are overworked or disordered and fail to throw out waste matter from the system, it causes aches, pains, lame back, swollen ankles, sore joints, dizziness, floating specks, etc. J. W. Seabock, Chester, Pa., writes: "My kidneys and back hurt me so when I got out of bed in the morning I could hardly straighten up. Had to rub the small of my back before I could walk. I could hardly button my shoes. I haven't felt the soreness since I took Foley Kidney Pills. Chas. J. Fortkamp, Main and McKibben Sts.—Adv."

**Dayton Tires**  
**Our Service Means Something**  
**Are Thoroughbreds**

OUR service to you started when we picked out Dayton Tires. We were selecting the best possible tires for your car. When we bring them out and put them on your car we are giving you tires that will run farther, look better, give less trouble and cost you less per mile of service than any other tires made.

But our service doesn't stop then, because we back Dayton Tires with our promise that they will give you—must give you—the maximum of mileage and satisfaction.

**Dayton Tires**

**Cords** **Fabrics**

We know Dayton Tires. We know that only the best of materials and workmanship go into them—pure, live, new rubber, strong, tough, long-staple cotton—expert manufacturing, including the best machine work and the best hand work.

That's why we can back them up with a service that absolutely insures miles on your car.

Come in and hear the whole story of Dayton Tires and Dayton Service as we give it to you.

Dayton Tubes are the smoothest, toughest, thickest and longest lasting tubes we've ever seen—and they do hold air! Ask us to let you feel one.

The Lima News  
**A Travel Accident Insurance Policy**  
**FOR \$1000.00**

In The North American Accident Insurance Company of Chicago, Ill.

**MEN OR WOMEN MAY BE INSURED**

You may be the most careful person in the world—but that doesn't protect you against the carelessness of others. You may measure with extreme care every step you take—yet, through the recklessness of someone else, meet with an accident before the sun sets tonight. The every-day toll of lives and limbs taken by accident through the carelessness of others is appalling. Hence the wisdom of The Lima News Travel Accident Insurance.

**Protect Yourself Thru Your Paper**
